Here I Am To Worship

D Α Em Light of the world, You stepped down into darkness G D Α Opened my eyes, let me see Em D Α Beauty that made this heart adore You D Α G Hope of a life spent with You

DAHere I am to worship Here I am to bow downDGHere I am to say that you're my GodDAYou're altogether lovely, altogether worthyDGAltogether wonderful to me.

D Α Em King of all days, oh so highly exalted G D Α Glorious in Heaven above D Α Em Humbly you came to the Earth You created D Α G All for love's sake became poor.

ADGI'll never know how much it costADGTo see my sin upon that cross
